Personal Injury Insight: What You Say After an Accident Matters

If you've been in an accident, **what you say can impact your claim**. Avoid admitting fault or making statements like **"I'm fine"**—even if you feel okay at the time. Injuries can surface hours later, and

Estate Planning Tip: Why Everyone Needs a Power of Attorney

Estate Planning Tip: Why Everyone Needs a Power of Attorney

Many people think estate planning is just about writing a will. However, a **Power of Attorney (POA)** is **just as important!** This document allows a trusted person to make financial or medical decisions for you if you become unable to do so.

- ♦ **Why it matters:** If you don't designate a POA, the court may appoint someone on your behalf—often causing **delays and added stress for your family.**

Ensure your estate plan is complete and your future is protected. Call [\(571\) 532-9070](tel:5715329070) to set up a **consultation.**

Client Testimonials

"Being involved in an unexpected tragedy like my motorcycle accident changed my life. Most all of these changes were negative in their direct effect on my life, health and had an enormous emotional impact on myself and my family. Searching for support and answers after an event like this you quickly realize how little you know and how very unprepared you are to navigate the insurance claim process.

Jennifer Porter Law was not the first injury attorney my wife and I reached out to but once we had our initial phone calls with Jennifer and her assistant we knew this was positively different.

My insurance provider had become an obstacle to my recovery in many ways; using bullying and rush tactics in an attempt to force bad decisions on my part that would have greatly reduced my settlement recovery amount.

As soon as Jennifer took my case the deliberate bullying from my insurance carrier ended.

Jennifer was very thorough, patient and solicitous of what had happened to me and to my family and more importantly what needed to happen to get the settlement I was entitled to.

Jennifer was readily available when we needed a phone call for support or to update us on where we were in the process. Professional and caring throughout, Jennifer was

[Subscribe](#)[Past Issues](#)[Translate ▼](#)[RSS](#)

Throughout, Jennifer informed me of what was happening with the legal aspects of the process and always made sure to check in on me to ensure I knew to get help and resources for my recovery when needed.

Protecting my settlement as the case closed was also a huge and unexpected positive, having no experience here Jennifer guided us without pressure to external resources that helped protect my financial settlement.

Receiving the maximum dollar settlement was something I was certain was not possible when my wife and I began this process on our own.

Jennifer's results were extraordinary, every dollar available to my claim was fought for and won by Jennifer. I would highly recommend Jennifer Porter Law for any personal injury case."
